

Commercial Fence Section Wall Mounts - Fixed, Adjustable or Universal

Specifications

Material: 6063-T5 Aluminum • PPG® TGIC Polyester Powder Coating

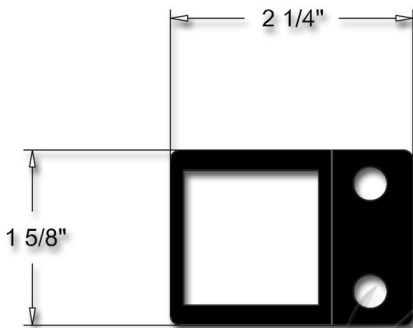

Fixed

Adjustable

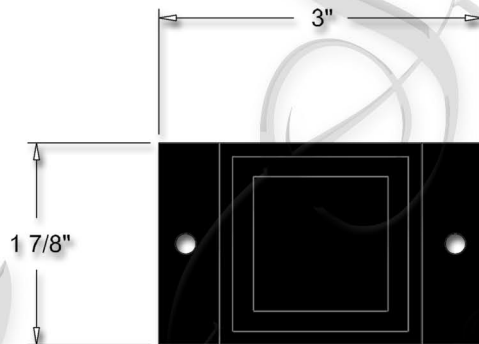

Universal

Wall Mounts are used to secure fence sections to any vertical surface such as columns or existing posts. Fixed mounts do not allow for any adjustment. Adjustable mounts allow for horizontal adjustment up to 45 degrees in either direction. Universal mounts allow for horizontal **OR** vertical adjustment up to 45 degrees in any direction.

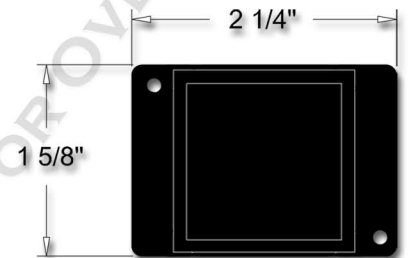

Because our customers attach to several different materials we **DO NOT** supply mounting screws. Mounting screws can be purchased at your local home improvement store.
